

ACETONE

TDS97 Rev1 10/12/2021

DESCRIPTION

Westox Acetone is a solvent used for a wide range of uses and for the clean-up of many products.

USES

Westox Acetone can be used for the clean-up of many solvent based glues and adhesives. As a nail polish remover, a wax remover, for preparing PVC pipes prior to gluing, clean-up of fiberglass resins, tools and equipment. Due to its high evaporation rate it is also useful for many general cleaning duties.

FEATURES

- ✓ Removes resins and waxes
- ✓ High evaporation rate
- ✓ Mixes with water
- ✓ Widely miscible

TECHNICAL DATA

Appearance:.....	Clear, colourless liquid
Specific Gravity:.....	0.79
Flash Point:.....	-18°C
Boiling Point:.....	56 °C
Flammability Limit:.....	700%

LIMITATIONS

Not recommended for use on painted surfaces or Perspex. Westox Acetone is a strong solvent that may damage some plastics and materials. Always carry out a small test area before using.

PACKAGING

5 Litre and 20 Litre.

SHELF LIFE

12 months.
